If a shooter has no classification he will be required to compete as an unclassified master shooter. If there are 5 or more shooters determined to be unclassified there will be a separate category for them. This category will be used at the local level only. Shooters who have temporary classifications for at least 2 previous sanctioned matches or from sanctioned league scores will be placed into the appropriate class pending review of documentation.

Categories such as Police, Service, and Civilian will be used. If there are fewer than 4 competitors in any category those shooters will be combined with other competitors of the same class.

High Master shooters will not be combined with shooters of another class. If there are fewer than 5 High Master shooters entered, those shooters will compete for open awards only.
