PALMYRA COMPETES IN JUNIOR INTERNATIONAL COMPETITION
Submitted by Alexa and Karly Potts

Traveling to England this past summer for a rifle competition was an experience we will never forget! We traveled with a team of 10 shooters to Bisley, the national shooting grounds of England, last August for the British Junior Invitational rifle competition.

Our team was the first team to arrive at Bisley, so we spent the initial days of the trip exploring nearby London. We toured Westminster Abbey, rode the London Eye, and viewed Buckingham Palace, in addition to the many other beautiful places the country had to offer. This sightseeing was a good transition from our long trip before starting our competitions. We also were glad to finish our touring at the beginning of the trip so that we could fully dedicate our time and focus onto our upcoming matches.

Within a few days, teams from countries around the world began arriving at Bisley, and we were able to meet shooters from South Africa, Ireland, Germany, Great Britain, Denmark, and Switzerland. We enjoyed talking to these shooters and getting to know how our sport was practiced around the world. Our free time was spent with the other teams, and during this time we were able to compare the different sports and games we enjoyed in our home countries. The main contrast was how we viewed the game of "football." They were all quick to jokingly tell us that the American game was all wrong. All of the other countries explained that our game of soccer was the same thing as what they called football. After debating who had the name of the game right, we decided to teach them some of our card games that they had never played. In addition to the free time spent with the other teams, we also ate dinner in a big hall where we had the opportunity to sit among people we hadn't previously met. We shared extra conversations especially in the evenings after our long days at the range. The dinner hall was a good place to share in communication away from the intense competition of earlier hours.

THE WORLD SHOOTING CHAMPIONSHIP IS BACK

The 2016 NRA World Shooting Championship, held at the Peacemaker National Training Center in Glengary, WV, will be held September 15-17, 2016.

The competition gathers the top shooters in the world to compete in virtually every type of major firearms shooting sport, including pistol, rifle, shotgun and combined firearm sports, crowning one competitor the undisputed World Shooting Champion.

CAST BULLET MATCHES
BENCHREST
TAMAQUA, PA -- Mike Mohler -- 717-397-6092
ATGLEN, PA -- Ed Parker -- 717-529-6521

THE MOST DANGEROUS THREAT
Potentially, a government is the most dangerous threat to man's rights; it holds a legal monopoly on the use of physical force against legally disarmed victims. When unlimited and unrestricted by individual rights, a government is man's deadliest enemy. It is not as protection against private actions, but against governmental actions that the Bill of Rights was written. -- Ayn Rand, "The Virtue of Selfishness," 1964
My name is Erin Gestl and I would like to give you a little of my background. I grew up in Bethlehem, PA and started shooting .22 rifle with the Bear Rock Junior Rifle Team at the age of 10. It was a typical junior program competing in a local prone league but also learning the different positions and competing at state, sectional, and the NRA Championships at Camp Perry, Ohio. I attended Penn State University and earned my BS in Biology and competed on their club rifle team. Also, while in college I earned a slot on the National Junior Team and was able to compete in several World Cups overseas. After college, I got married and settled down in Palmyra and got involved with starting a junior program at the Palmyra Sportsmen’s Association. Since then the junior program at Palmyra has grown and we have gotten involved with training other coaches through the NRA Coach school and our program has also been named a certified training center by USA Shooting. We host several well-known matches each year including the Palmyra invitational with about 300 individuals competing in air rifle and smallbore events and the Mid-Atlantic Propane 6400 which is a 4-day conventional prone match and my wife, Shelley, is responsible for these matches going smoothly. Personally, I have two of my own children, Alyssa and Alex, who have competed as juniors and are now in college and still active in our sport. Overall, I enjoy coaching and am very interested in seeing the shooting sports grow, which is why I agreed to run for the president of the state association.

I’ve been on the board for about 5 years and have regularly attended the state association meetings twice a year unless there was a conflict, which was usually a shooting event. Over the past three years, there’s been an ongoing discussion on the future direction of the association, whether we should continue as a primary competitive shooting organization but as a result our membership will be limited in size or expand our services in additional areas as the official state affiliate representing the many areas of the NRA which would allow us to grow and be more effective for a larger membership. As a coach, I talk to juniors about goals and then help them create a training plan to achieve those goals. Without a well-defined goal for our organization, we cannot move forward efficiently. For example, at the fall meeting last year, I had volunteered to head up a group to look at the responsibilities and potential compensation for Regional Directors. As I began to think about it, I found it impossible to determine their responsibilities without a clear vision for our organization. So for our organization to move forward, we have to decide what our goal or mission is and this has to be one of our first priorities.

The second related item is that we as an organization have to generate more interest for people to become and remain members of the PA R & P and also to have more members volunteer in the organization. Regardless of the future direction of the state association, I feel that we can increase our membership from the current level of approximately 1600. Our organization does a lot for juniors across the state at a cost of tens of thousands of dollars every year and we have to let people know. We have to do a better job with public relations and give people a reason to become members. I have already started to talk with some juniors about what would keep them being members as they become adults and they had several ideas which I will talk more about in the next newsletter. In addition to increasing our membership, we have to get more individuals to serve as an officer, on the board, or to serve on a committee or regional director. Many of the same people have been serving the organization diligently for years and some are moving onto other activities, so we need people to fill these positions. I would like to hear from everyone about your thoughts on these topics. The more people involved with this process, the better the ideas, and the better the outcome. The best way to contact me would be through email at egestl1969@gmail.com. Also, talk to others about how the state association can better serve them.

Thanks,
Erin Gestl
Palmyra Competes in Junior International Competition (continued from page 1)

The first match that the majority of the team participated in was the three position air rifle match. It was an interesting experience to shoot from tables for the kneeling and prone positions, since the indoor targets did not change height. Alexa Potts, Grace Nelson, and Tony Jackson made the finals for this match, and they competed with a total of nine shooters through an elimination round. Tony Jackson placed third in this event. Tony Jackson also won the men’s 3-position event. Alexa Potts also made the women’s three position prone finals and placed third in that final. The experience of shooting in finals was a nerve-racking one, and while the competitors were intimidated, they were very grateful for the experience. In the future, their final competitions will be a little less daunting with this excellent experience behind them.

Not only did several of Palmyra’s members make finals, but they also set their own personal bests. This is an accomplishment that is individualized to each shooter, and is a goal that each competitor keeps in mind. Contrastingly, there are team components as well. The men’s team of Alex Gestl, Tony Jackson, and William Dixon won gold for their prone smallbore scores, setting a new tournament record which was a huge success for the three participants. The women’s team placed third in prone, too.

As we watched the boys from our team shoot on the outdoor range, our coach, Erin Gestl, had us practice reading the wind. This is a skill that comes along with the sport when shooting outdoors, and it was extremely important to master this ability for this range in particular. There were wind flags set up at intervals between the firing points so the competitors can easily view them from their positions. The outdoor range at Bisley was surrounded by a cement wall to keep missed shots from traveling too far. This made reading the wind a bit difficult, because it caused the wind to move in unexpected ways. However, this was a great experience, as learning to read the wind is something difficult that we all needed to practice more, and the unanticipated twist was a challenge for even the best shooters.

Each evening, after all of the competition was done for the day, we had a small award ceremony. In each ceremony, the individual winners and the team winners were announced and given acknowledgment. The first place individual and team for each competition would have the honor of the playing of their national anthem. This was a really great way to show respect for the different countries that were represented, and this gave the competitors an added incentive for conquering first. To conclude the trip, there was a big banquet where all of the awards and recognitions were shared. It was a really neat experience to see everyone from their respective teams gathered together to watch the ceremony. The whole event was very official, and some teams wore coordinated uniforms while others dressed in formal attire. It was interesting to see the countries represented in an outside-the-range setting, apart from their typical shooting attire. After all of the awards were given out and the speeches were finished, it was time to share in a huge meal.

In general, shooting in another country was the same in many ways. Although gun restrictions were tighter -- everything was locked in an armory when not in use -- the matches were like any match in the United States. Perhaps the most difficult part was understanding the directions given because of their accents! Shooting an international rifle competition has been one of our greatest experiences yet, and we know that the things that we learned and experienced on this trip will help us in many ways as we continue our shooting career.
2016 PA STATE 3 P AIR RIFLE JUNIOR OLYMPIC MATCH RESULTS
Submitted by Joanne Pentz

The 2016 PA State 3 Position Air Rifle Junior Olympic match was held at the DuBois Rifle and Pistol Club in DuBois, PA on April 2nd and 3rd. Fifty junior shooters from across PA competed for the opportunity to qualify for an invitation to the National Junior Olympic match at Camp Perry in June.

The Gold Medal Winner in the Precision Class was Jack Anderson from Oil City. Silver Medal Winner was Cierra Terrizzi from the Dallastown Junior Team and Bronze Medal Winner was Karly Potts from the Palmyra Junior Team.

The Precision Team Champion was the Palmyra Junior Rifle Green Team. Silver Medal team winner was Seitzland Rifle Team and finishing in third for the Bronze medal was the Oil City Misfits.

In the Sporter Class, winning the Gold Medal was Gillian Stewart from the Palmyra Junior Team. Silver Medal Winner was Ana Weinfurter from the Dallastown Junior Team and Bronze medal winner was Taylor Behney from the Harrisburg Hunters and Anglers Junior Team. The Winning Sporter team was the Palmyra Junior Rifle Team Silver.

Congratulations to all of the junior shooters. They all did a great job. Thank you to all the junior shooters and their parents and coaches for attending this match in DuBois. It was a pleasure having you at our club.

Good luck to our PA Junior Shooters at the National Match in June.

APRIL MCDONALD BLACK POWDER CARTRIDGE RIFLE SILHOUETTE MATCH
Submitted by Dana Knezevich

The first BPCR Silhouette match of the season at McDonald Sportsmen’s Club was held on April 2nd under very challenging conditions. Temperatures were in the low to mid 40’s with wind gusts up to 40 mph. Scores were very low as numerous zero scores were turned in at various distances.

Even with a zero score on the chicken silhouettes, Jim Radcliffe’s scores on the other animals were sufficiently high enough to give him the open iron sight winner award with a score of 24/40. Trailing Radcliffe by one point was his spotter and shooting partner Tim Gifford, who took 1st Master/AAA award. Mike Shamonsky placed 2nd in the Master/AAA class.

Scope scores weren’t much better than the iron sight scores, but Brian Chilson managed to win the open scope winner award with a score of 27/40. There were no master scores shot and Chilson’s 27 was the only AAA score turned in for the day. The 1st Master/AAA scope award went to Kenny White in a tie-breaker with Ross Arnfield who settled for 2nd Master/AAA. Bill Fox won the 1st AA/A/B award and Lester Henry took 2nd in that class.

The 600 yard Quigley Bucket Match wasn’t any easier than the silhouette match, however, Jim Radcliffe got 3 hits out of 5 shots to win the iron sight award. First place in the scope category had to be divided three ways between Brian Chilson, Kenny White and John Powers scoring two hits each.

SOUND SUPPRESSORS ARE LEGAL TO OWN!
Submitted by Jack Lee

Our state’s NRA-affiliated, grass-roots organization, the Pennsylvania Rifle & Pistol Association, played a big part in getting this law through the legislature. What this means is that sound suppressors are legal for Pennsylvania residents to own, provided they comply with all the Federal requirements (written application, background check, fingerprints, $200 tax stamp).

Many people told us this would never happen, but it shows what a committed bunch of people, working together, can accomplish. That’s the important message for us to realize: it can be done! It takes a lot of time, effort and dedication, but the irrational, ineffective, needlessly restrictive gun laws can be changed!

Every responsible gun owner should belong to the NRA, of course. But, too many of us don’t join our state-level groups, such as the PRPA. As somebody once said, “All politics is local”. Today, many attacks on gun rights come at the state and local levels. If you are not a member of the PRPA, please join up!
To The Pennsylvania Rifle & Pistol Association:

Samuel Adams once stated, "The Constitution shall never be construed to prevent the people of the United States who are peaceable citizens from keeping their own arms." This quote illustrates how the Founding Fathers considered the Second Amendment to be a vital component of the Constitution and they did not believe that right should ever be taken away.

However, there are some public officials, from Barack Obama to Tom Wolf to Kathleen Kane, who are on the side of gun-grabbing liberals who want stricter gun control laws.

There are many pieces of anti-gun legislation in the State Legislature such as House Bill 503 which would require you to register all your firearms and pay a $10 annual fee for each firearm you own. Senate Bill 1029 would require you to get an eligibility license before purchasing a handgun. Liberal public officials want to restrict your right to keep and bear arms and it is time to stand up against these attacks on the Second Amendment.

I would like to invite you to join with other Second Amendment supporters from across the Commonwealth and defend your right to bear arms by attending this year's Rally to Protect Your Right to Keep and Bear Arms on Tuesday, May 24 at 10:00 a.m. in the State Capitol main Rotunda in Harrisburg.

The event was established to provide a medium for the voices of Second Amendment supporters, including individual citizens, coalitions, organizations and lawmakers from around the Commonwealth. Past rallies generally have a united coalition of over 70 state lawmakers and hundreds of gun owners from across the Commonwealth.

I am pleased to invite members from your organization to attend our rally and show their support for our right to keep and bear arms. Your organization's public stand for our constitutionally-affirmed right to bear arms is appreciated by me and many Pennsylvanians. A copy of the event flyer can be found on RepMetcalfe.com. I encourage you to distribute both hard copies and electronic copies of the flyer to members of your organization and other Second Amendment supporters.

I ask that all members in attendance conduct themselves in a professional manner, so as not to diminish the important message of the event.

In closing, it would be an honor to have you attend and participate in defense of the Second Amendment. Please do not hesitate to contact Krista Adsett in my district office at 724-772-3110 for more information about the Second Amendment rally.

Thank you for your time and I hope you are able to join us.

Serving the 12th District,
Daryl D. Metcalfe
State Representative
SOMETHING TO THINK ABOUT
Submitted by Jack Lee

I think most know this … but here it is again....

A lot of people have brought up the fact that they won’t vote for Trump if he's the eventual nominee. Let’s put something in perspective. Justice Scalia's seat is vacant. Ginsberg is 82 years old, Kennedy is 79, Breyer is 77, and Thomas is 67. Nowadays, the data shows that the average age of a Supreme Court retirement or death occurs after 75. These are 5 vacancies that will likely come up over the next 4-8 years.

The next President will have the power to potentially create a 7-2 Supreme Court skewed in their ideology. Think about that... 7-2. If the next President appoints 5 young justices, it will guarantee control of the Supreme Court for an entire generation. And 7-2 decisions will hold up much more over time than 5-4 decisions which are seemed to be lacking in mandate.

Hillary has made it clear she will use the Supreme Court to go after the 2nd Amendment. She has literally said that the Supreme Court was wrong in its Heller decision stating that the Court should overturn and remove the individual right to keep and bear arms. Period.

Everyone is (or many people are) saying that they won't vote for one candidate or the other if they are the GOP nominee, please realize this. If Hillary Clinton wins and gets to make these appointments, you likely will never see another Conservative victory at the Supreme Court level for the rest of your life. Ever.

If you are a Conservative, a vote for anyone but the GOP nominee, whomever that will be, is a vote for Hillary Clinton.

JUNIOR SMALLBORE SHOOTING CAMP
Submitted by Ernie Harpster, Director

The Pennsylvania Rifle & Pistol Association (PRPA) is planning a Junior smallbore indoor 50-foot shooting camp at the Clymer range adjacent to the Indiana University of Pennsylvania (IUP), June 20 – June 25, 2016

This will be a coed camp with food & housing furnished at IUP. Housing will be in newly built double occupancy suites. Breakfast and dinner will be in the dining hall; bag lunches will be provided.

The camp will be open to intermediate level Junior shooters (age 12-17). Shooters are responsible for bringing their own equipment but will be given ammo and targets. Practice and competition scores shall be forwarded to me indicating the type target, (A-17, A-36, USA-50), used. A limit of 20 shooters will be selected based on background experience.

The cost of this camp to the junior will be $250. This represents about half of the camp costs. The other half will be subsidized by the PA Rifle & Pistol Association through an NRA Foundation Grant.

Chaperones and coaches are needed to make this happen. Food and housing will be covered for the duration of the camp.

Interest and questions can be sent via email: emh4@psu.edu, 814-692-8238, or to Ernie Harpster, 1565 W. Gatesburg Rd., Warriors Mark, PA 16877-6206. Response requested by May 15, 2016
SHOOTING FOR A WISH
Submitted by Joanne Pentz

The DuBois Area High School and DuBois Central Catholic High School Rifle Teams co-hosted the first "Shooting for a Wish Fundraiser" on February 18th at the DuBois Rifle and Pistol Club.

The 3-Position Air Rifle Match started early in the evening with the JV match and the Varsity match being won by the DuBois Area High School. A "celebrity" match was held between the DuBois City manager, Herm Suplizio and Sandy Township Manager, Dave Monella. Sandy Twp's Dave Monella won the match and was awarded "bragging rights".

The competition was 10 shots in the standing position at a target with large and small pieces of candy glued on each bull. The candy allowed the event to be a bit of a spectator event and made it a lot of fun. Several other celebrity matches were held between the school's Athletic Directors, Principals and Teachers.

Everyone had a great time competing against each other. Many parents and the public also attended. Around 200 people attended the event. Raffle tickets for several baskets; baked goods and a 50/50 drawing were held. The event raised $1600.00 for "Make A Wish".

A huge thank you goes out to the community, teachers, and administration for making this event a huge success. The teams are looking forward to next year's fundraiser event.
